

## As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

### Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give any relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys are their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid, and to break down and eliminate uric acid. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally, to keep the kidneys clean and active.

## Expect to Land Another Pennant With Crack Kansas City Team.

KANSAS CITY, Mo., Jan. 12.—John Gansel, manager of the Kansas City club, who has captured a pennant once and second place once in the three years he has been with the American association club will have charge of the Blues again this season. He signed a contract for one year.

Gansel plans to take his team to Clearmont, Okla., 221 miles south of here, to train. Players will report in Clearmont about March 10.

After a few days of limbering up, the team will go to Tulsa, Okla., to play the Tulsa team of the Western league March 20 and 21. The following week Gansel's men meet Oklahoma City in a trio of games March 26, 27 and 28, and they play Wichita March 29, 30 and 31. The Blues will come home April 1 and the American association season probably will open April 14.

Three games have been scheduled with the Chicago Cubs April 8, 10 and 11, and it is probable that the Blues will angle with the White Sox and the Pirates before the opening of the season. As yet, however, Gansel has not succeeded in making definite dates with these clubs.

Gansel and the owners of the Kansas City club are determined to make a showing this season that will eclipse even the last two years. They will be out for the pennant from the opening game until the tape is crossed in September.

While contracts generally will not be sent out until after the annual meeting of the association in Chicago Jan. 15, the local management is lining up its pitching staff for the season. Guy Hoffman, who led the pitchers of the Western league last season, has been re-purchased from St. Joseph, and is expected to wear a "Big" uniform this coming year. Jesse Haines, leader of the American association pitchers, will probably again appear for Kansas City. "Mickey" LaLonde, stand-by catcher of the 1915 season, is expected to be back again for the coming year.

Other players who made good with the team last year, and who may be expected to give careful attention to renewal contracts for 1926 are: "Bunny" Brief, first base; Alexander McCarthy, second base; Joe McElroy, short stop; Hoke Warner, third base; Ward Miller, Basal Becker and Wilbur Good, outfielders.

Gansel is still awaiting word from Seattle in regard to Ed Sweeney, catcher. The Seattle club has not yet signed waivers or Sweeney's contract. Gansel's record of a pennant in 1915 and a second place team that trod close on the heels of the winner, the Cubs team in 1916 has established him firmly in the hearts of the local fans, and the news of his retention for the coming season was hailed with satisfaction.

Recently a meeting was called at Danville, Ill., to discuss the possibility of making an offer for a franchise in the Three-I league. A statement was made that Danville could have the franchise almost for the asking, but the meeting, after much discussion, resolved not to apply for it. Instead, the club decided to lend support to a fast independent team and subscriptions were pledged for independent baseball.

The combination of barnstormers taken to Cuba by George C. Cadogan, and which played exhibition games in Havana under the name of Pittsburgh Pirates, closed its engagement last week and returned to the States via Florida. After playing some exhibitions in Florida, the team, headed by the Cuban trip was successful beyond expectations of the players who made it, so say reports. Each man got a tidy sum of money as his and enjoyed the vacation.

Chicago means to put the Yale bowl in second place as a sport structure with a stadium that will seat 100,000. The stadium, however, holds the record for football crowds. There were 127,407 spectators at a football game in Hampden park in 1912 and the stadium held 129,081 at a soccer game in 1913, but many thousands stood.

## DIPHTHERIA CLOSES MANY SCHOOLS

No remedy yet discovered equals MUCO-SOLVENT in the successful treatment of every ill where inflammatory conditions of the throat or any part of the mucous linings exist.

In Wisconsin, diphtheria in Madison, Wisconsin, was accompanied with a very large percentage of deaths. After the introduction of Mucosolvent and when it became generally known and adopted there, the death toll was through the efforts of Capt. John Nader, who had previously lost a child by diphtheria, very few deaths occurred and not one where Mucosolvent was used. Epidemics and sporadic cases occurred there yet, but there are no longer more than they are stamped out by the prompt use of Mucosolvent.

The schools of Wisconsin, which involved nearly one hundred cases of diphtheria, and not one death occurred, a fact attributed to the prompt and general use of Mucosolvent.

In Winnetonka, Wisconsin, the schools were closed. Thirty-three cases of diphtheria developed, 12 of which were fatal. Four of these cases were lost the other 21 cases were treated with Mucosolvent and every one recovered, though nine of them were in families where the four deaths had occurred.

Mucosolvent is the one family medicine that may be relied upon for sore throat, coughs and colds. Have your package in your home. Price 75c and \$1.50, at all drug stores.

## January Clearance Sales

One who reads the daily newspapers and the trade publications gains every day the information that prices are advancing. To have stock clearing sales at such tremendous reductions as those quoted in the face of such advances seems almost poor merchandising judgment. Yet it is strictly in accord with the Lowenstein policy of being of the greatest possible service to you. Such crowds as came this morning to attend this great series of sales shows the great extent to which people are availing themselves of these opportunities. Think what these sales mean in terms of savings, and you will be here early tomorrow morning to get your share.
